EDUCATION BACKGROUND

Nmssvn.college-madurai

Bachelor of Science -Information Technology |
Mar-2022

EXPERIENCE

UI UX Designer

Bracezin | Apr 2023-Current

UI/UX Designer specializing in front-end development, I have a strong proficiency in creating visually appealing websites while ensuring a seamless and intuitive user experience.

Software Trainee Engineer

Profit.co | May 2022-Feb 2023

As a software trainee engineer, I gained hands-on experience in skills developing and testing software applications under the guidance of senior engineers. I actively participated in the development HTMLCSS lifecycle, assisted with troubleshooting, and contributed to team Wireframing projects while learning and applying programming languages and best practices.
